MyriadTM
for all the ways you project

Myriad[™]
for all the ways you project

A ceiling recessed, wall and ceiling mounted electric screen system

Available with 16' (5 m) of SightLine[™] cable drop, which gives the impression of a floating screen, Myriad is offered in sizes from 14-16' wide in 16:9 HDTV and 16:10 Wide formats. Tensioned products are available with HD Progressive 16K ready and Parallax[®] Ambient Light Rejection screen surfaces. Smart integrated anchor points for roller suspension allows for easy maintenance.

Myriad Conceal

The ceiling recessed screen, designed with ceiling trim in place to conceal the rough opening, eliminates the need to complete additional trim work once the screen is installed.

NON-TENSIONED

Myriad

The crowd-favorite two-stage installation option affords the screen case to be installed during the rough-in construction stage and the screen surface assembly during the finishing stage.

In SightLine models, an innovative weighted bar doubles as a closure door – black, to blend in with the border when the screen is fully deployed and the bar smoothly rotates to white to blend into the sleek waterfall case aesthetic when retracted.

Standard Black Drop

Myriad SightLine

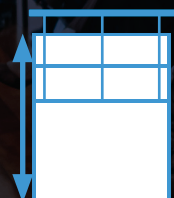

Available on all Myriad models, SightLine, Da-Lite's thin cable drop feature, elegantly suspends the screen surface and eliminates black drop – the black border above the projection screen.

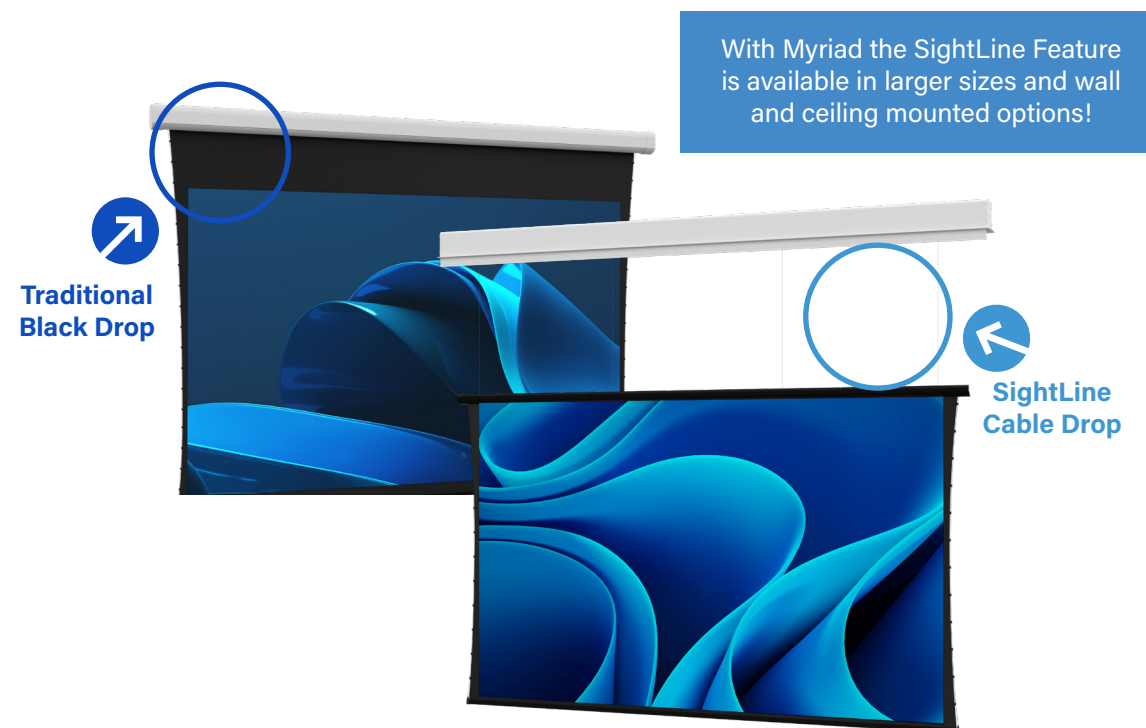

Smooth installation as vertical placement of the screen can be variable up to 16" (5 m)

Painless ordering process without the added step of custom drawings and approval

Future proofing for height adjustability to accommodate projector upgrades

Traditional

SightLine
Cable Drop

Specifying drop distance upon ordering is a thing of the past. Now, vertical placement of the screen can be variable as the cables accommodate a range of drop distances up to 16' (5 m) between the ceiling and the top of the screen – making ordering a snap. What's more, this feature creates usable space above the viewing area to preserve architectural interests and provides the opportunity for camera/speaker placement.

Myriad Reveal Features

$\pm 5"$ (12.7 mm)
vertically

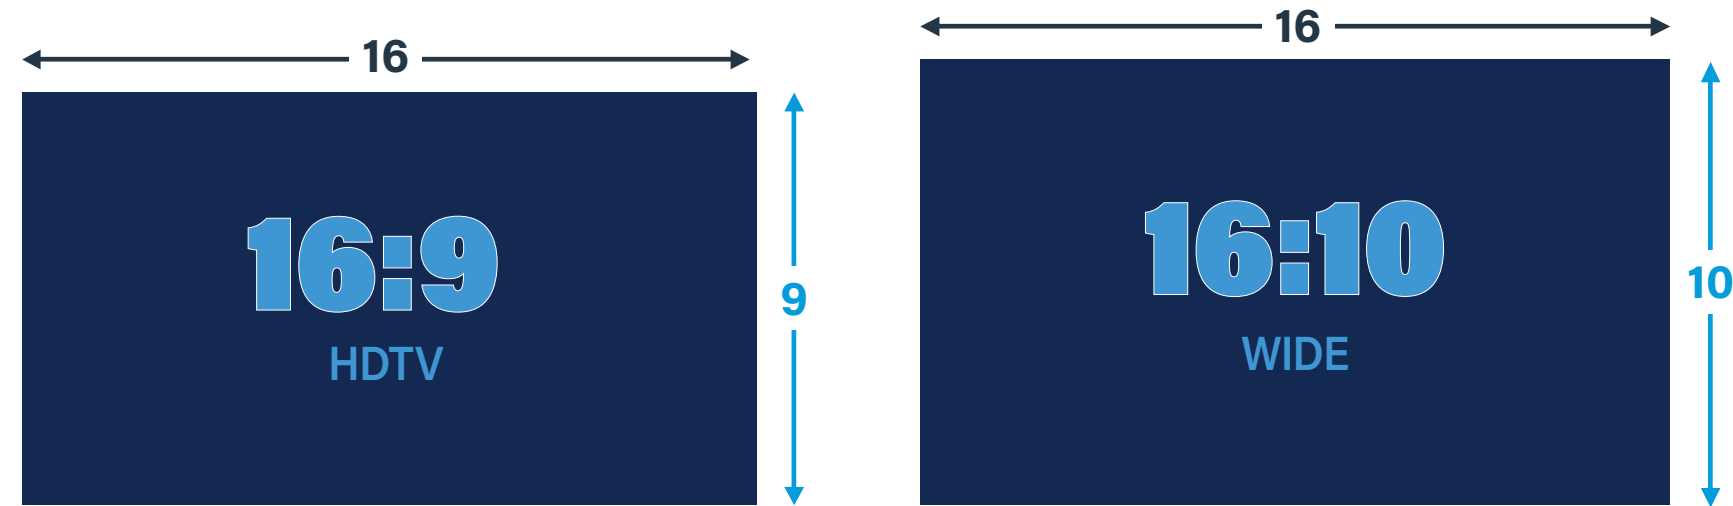

$\pm 6"$ (152.4 mm)

Convenient push button on end cap allows access to wiring on wall and ceiling mounted products.

Installation ease is found with the built-in case leveling and centering adjustability.
